The screenshot shows the Credo Reference website interface. At the top, there's a navigation bar with links like '检索', '查找主题', '查找图书', '高级检索', '概念图', '保存结果', 'Gadgets', and '帮助'. Below this is a search bar containing the word 'taliban'. To the right of the search bar is a dropdown menu for '来自' (From) with options '所有主题' (All topics) and 'Chambers Dictionary of World History'. A '检索' (Search) button is next to it. On the left side, there's a section titled '全部展开 | 全部折叠' (Expand all | Collapse all) with a sub-section '相关词条' (Related terms) listing various terms like 'al-Qaeda or al-Qaida', 'terror, war on', 'Afghanistan', 'Musharraf, Pervez', 'Taliban', '标题' (Title), '人物' (People), and '图片' (Images). The main content area shows the search results for 'Taliban' from the 'Chambers Dictionary of World History'. It includes a brief description of the group and its history. At the bottom of the page, there's a 'Cite' button and a 'Save to' dropdown menu. The 'Save to' menu is open, showing options: '我的保存结果' (My saved results), 'EasyBib', 'EndNote', and 'ProCite'. The 'EndNote' option is highlighted. A red box is drawn around the 'Cite' button and the 'Save to' menu.

Step2. 點選 保存，書目資料會自動匯入 Endnote。
